JETINNO®
INSPIRE LIFE BETTER

Jetinno Table Top Automatic Espresso Coffee& Tea Vending Machine

Fresh tea

IOT system | Milk foam system | Auto-cleaning | Espresso | Malfunction warning

Made-on-site vending coffee bar

Linux system, MDB protocol, EVA/DTS vending system, IOT management system.
Fully automatic bean to cup coffee-making, Fresh tea, facilitating operation friendly.

Facilitating operation and maintenance with modular block design

Coffee residue bin and water waste bin split for maximum sanitation;
Not necessary to open door for keeping water waste bin maintenance, assuring maximum sanitation.

13 kinds of coffee & tea beverage

Bean to cup Espresso, Espresso derivatives,Fresh tea and its derivatives;
Espresso brewer + low pressure tea brewer, one bean hopper + one tea canister + two instant canisters;
ES/Two cups espresso delivered by one shot;
Ingredients are adjustable, menu is adjustable.

- Black coffee: Espresso, Americano
- Milk coffee: Cappuccino, Latte, Macchiato, Mocha
- Tea: Ceylon black tea, Milk tea, Chocolate milk tea
- Instant beverage: Milk, Chocolate, Milk Chocolate
- Others: Hot Water

User-friendly by one touch operation

Sliding touch screen left/right side smoothly, facilitate operation;
10.1 inch versatile touch screen, Ad+menu.

Coffee outlet spout height was adjustable between 75mm-115mm

Separate beverage outlet spout to offer perfect flavor;
Easy to disassemble for maximum cleaning.

Multiple payment methods

Mobile/ Bill/ Coin/ RFID/ Credit Card

Brewing beverage efficiently

700ml instantaneous boiler, hot water speed 15ml/s;
Espresso – 45s(30ml), milk coffee – 60s;
Instant beverage - 25S (120ml); milk tea – 45s (120ml).

Automatic cleaning system

Adjustable cleaning time;
Cleaning with hot water for maximum safety and sanitation.

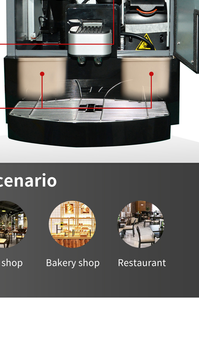
IOT system

Machine management:
- Error alert
- Ingredients shortage warning

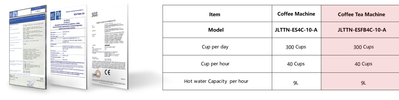
Order management:
- Real time data collecting and data updating
- Real time monitoring to assist operators and to reduce maintanance costs

Parts specification

- **4L Bean hopper**
  1.1 kg capacity, space saving integrated hopper.
- **Ditting EK7 coffee grinder**
  Bean hopper empty detection;
  64mm flat grinding burrs for high and reliable grinding performances;
  Target operating life (excl. grinding discs): 260 000 shots;
- **Jetinno patented espresso brewer**
  Max. 20g/ shot with pre-infusion function;
  9 bar pressure;
  Adjustable and accurate temperature control;
  Easy to clean;
- **Jetinno patented tea brewer**
  Max. 10g/shot with pre-infusion function;
  90℃ accurate brewing temperature;
  Accurate brewing & extraction time;
  Max 350ml beverage.
- **Ingredient canisters**
  Smart calibration to guarantee the flavor of every single cup.
- **Jetinno patented mixing system**
  Adjustable mixer speed from 0-17000 rpm;
  Spinning techology for excellent foam quality;
  Easy to disassemble for maximum cleaning.
- **3L waste bin**
  3 liter capacity to reduce maintenance frequency.



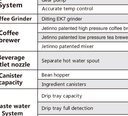
Application scenario



Office | convenience store | Hotel | Tea shop | Bakery shop | Restaurant

Configuration

CB/CE/CQC certificate



Daily-production Capacity

Item	Coffee Machine	Coffee Tea Machine
Model	JLTTN-ES4C-10-A	JLTTN-ESFB4C-10-A
Cup per day	300 Cups	300 Cups
Cup per hour	40 Cups	40 Cups
Hot water Capacity per hour	9L	9L

Specification

● Standard ◎ Optional ※ No (Support customized development)

Model Designation / Title		Coffee Machine JLTTN-ES4C-10-A	Coffee Tea Machine JLTTN-ESFB4C-10-A
Basic Parameters	Touch screen size	10.1"	
	Dimension / Weight	coffee machine：400（W）×490（D）×590（H）mm ，50kg	
	Power requirement	220~240V，50~60Hz,16A	
	Maximum power /standby power	2700w/80w	
Hydraulic System	700ml high pressure boiler	●	●
	Gear pump	●	●
	Accurate temp control	●	●
Coffee Grinder	Ditting EK7 grinder	●	●
Coffee brewer	Jetinno patented high pressure coffee brewer	●	●
	Jetinno patented low pressure tea brewer	※	●
	Jetinno patented mixer	●	●
